THIRD INFORMATION DISCLOSURE STATEMENT

MS
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Receipt is acknowledged of the Official Action dated June 13, 2007. Presumably, a responsive amendment will be timely filed. In the meantime, further to the two prior information disclosure statements, the Applicant, through its representatives and attorneys, hereby brings to the attention of the examiner the Japanese language documents with English translations for four of the documents and English language Abstracts for the other two documents, as identified on the accompanying Form SB/08. Copies are provided. This submission is timely though after a first action on the merits because certification is available.

Thus, this will certify that each item of information contained in this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement. Specifically, the newly-

cited documents were cited in an Office Acton dated September 4, 2007 in connection with the Applicant's corresponding Japanese priority application. A copy of the Action is provided, but a translation is not readily available.

Please take these additional documents into account when reconsidering the initial non-final action in this case. No fee is believed to be due in view of the certification.

Dated: October 26, 2007

Respectfully Submitted,

By_____
